

# Kohinoor Business School

## DAYITVA

Under the leadership of our Hon. Chairman CA Shri. Sunil G Karve Sir, Kohinoor Business School is an established socially responsible educational B School, which takes up the social activities under KBS-DAYITVA.

Under the guidance of Dr. Bharati Deshpande, Dean-KBS, the MMS Second year students have taken up two important social projects with the NGOs.

First Project is with the NGO-Khushiyaan Foundation, run by Mr. Chinu Kwatra. Khushiyaan Foundation has an orphanage, old age home and animal shelter, where the students conducted various educational and fun-based activities, shared the toys and snacks with the children and spent some quality time with the elders. Students also participated in the beach cleaning activity at Dadar, under the leadership of Mr. Chinu Kwatra.

Second project is directed towards the conservation of environment through “Waste Management Project” as executed by Mr. Bhatu Sawant (Founder- Samarth Bharat Vyaspeeth). The students are actively involved in creating awareness about the plastic waste collection from the housing societies based in Thane and recycling to generate the biofuel.

Students have also undertaken projects on their own with Trusts and NGOs and made a contribution in the well-being of the inmates.

KBS DAYITVA, therefore takes pride in successfully creating the socially-sensitive business leaders.

### “Save the Environment, Protect the Environment”

“Save the Environment, Protect the Environment”, keeping this at the centre focus, KET has always played its part in ensuring that all its activities are directed towards keeping the Environment Safe and Clean.

Towards this – “Samruddha Vasundhara”- A compost plant is set up inside the Kohinoor Education Trust Campus. This is a Green initiative at Kohinoor Education Trust . The idea to initiate this was to make KET a zero waste campus.

Making compost is not only about providing good manure to plants, it is an essential part of working organically and reducing inhouse waste.

The Hon. Chairman CA Shri Sunil G. Karve is always ready and willing to take up any and all initiatives towards the cause of caring for the environment. Due to his constant support, **today** KET is now recognized as a zero waste campus.

Our efforts have been applauded by the Brihanmumbai Municipal Corporation, Kurla west and we at KET have received the **FIRST** rank amongst Private B-Schools for our composting and segregation activities.

## Environmental Awareness to students from Bangladesh (visiting KET under Students Exchange Program)

In the first half of the Day 2, students visited Project Revitalisation - A Dry Waste Management and Recycling Centre set up and managed by Samarth Bharat Vyaspeeth in Thane. The students along with Dr. Vaishali Pardeshi and Ms. Jayashri Mawale also visited Signal Shala, an innovative initiative conceptualised by Samarth Bharat Vyaspeeth, to provide education to underprivileged children, living on signals in Thane, Maharashtra. The students of DIU, Dhaka were impressed with the facilities provided by the school and how resources have been used in a unique manner. They expressed the need for such schools in Bangladesh. The second half of the day was dedicated to a lecture on Techno-Entrepreneurship Management delivered by Dr. Vaishali Pardeshi. The day ended with the distribution of certificates by CA Sunil G. Karve, Hon. Chairman, Governing Board - KET. The Ceremony was graced by Dr Svetlana Tatuskar, Director - KBS and Dr. Sandeep Sawant, Director - KMS. The students returned to Dhaka with a lot to cherish and were grateful for an experience that blended theory and application.

**Thank You!!!**
